

Achievers

Foundation course for your success

Workbook - 5

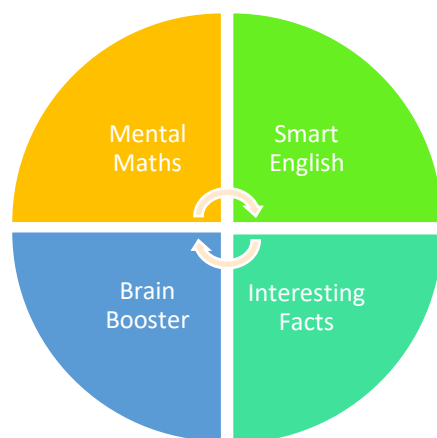

Class 3

Preface

Most students and teachers think that the word "**Worksheet**" is a synonym for the word "*Boring.*" We envision hours of sitting still at a desk-silent busy working for them and hours of grading for us. But worksheets still have a place in your classroom? In an age of open inquiry and problem-based learning, your child can still find power in a simple paper and pencil activity by practicing MENTORS BASKET WEEKLY worksheets.

Achievers Model bring to your child an opportunity to develop academically as well as for the competitive World. The Learning Process of every child is dependent on One's Ability to think logically and reason Quickly and effectively. These two factors are hence very crucial to a child's progress in education.

Mentors Basket Achievers weekly workbook covers Mental Math, Smart English, Interesting Facts and Brain Boosters. These Powerful worksheets can help in building number sense, computational thinking, and problem-solving skills in your child at beginning of the foundational years. **Every Month we would be providing 3 Workbook and 1 Challenge Workbook, each of these are designed at different levels and standard wise. We would be providing upgraded workbooks, that makes the child to look forward to challenges. Weekly Workbook would be consisting of the following content:**

It is a unique way to provide differentiated brain-building work for different learners.

Strong Foundation Helps to Build Brighter Future

Design Framework

The Sample Workbook Consist of the topics as under:

- **Mental Maths** - We want our students to be able to understand content and concepts. We also want to stretch them to think and approach problems in new ways. This editable graphic organizer can help them do that! Challenge the students to solve a math problem more than one way. Have them explain how and why they solved it with their given strategy. Over time, we can see how mathematics can be transformed into a subject that is not only fun but also challenges students' creativity and independent thinking.
- **Smart English** - The study of English Language Arts, or speaking, listening, reading, and writing, is critical both to academic success and to life beyond school. Without the skills learned in language arts, students cannot achieve any kind of mastery in any of their coursework. Good communication skills are necessary for every career field, so these on-demand workbooks give your students the mixed review of grammar, spelling, and writing skills that will enable them to practice their language arts skills in a fun and diverting manner, ensuring that the skills they have learned will Supplement their language.
- **Brain Boosters** – The students need to be aware of what is happening Locally, Nationwide as well as Globally and what can be more challenging to the brains then answering some General Knowledge. We have designed worksheets that will give them an edge in competitive exams as they are more aware of the information.
- **Interesting Facts** - Academically we tend to focus more on the book knowledge, so now we want the child to be introduced to some interesting facts that can help them lead a discussion or lead in debates , competition and be a PRO kid. These interesting facts will increase their limited area of knowledge and make them more competitive and smarter.

GUIDELINES

1. Look at Problems with Different Perspectives Through Observation, Exploration and Critical Thinking.
2. Integrate the Application of Math to Problem Solving.
3. Integrate the Reading Skill in English To Solve Vocabulary or Spelling Questions.
4. Think Critically and Reason Logically
5. Practise, Investigate, Evaluate and Learn with Understanding
6. Develop Positive Attitude Towards Finding Solution
7. If Your No Able to Solve or Find Solution Seek for Help.
8. Take A Break and Revisit the Question with Fresh Thought
9. Ask Yourself How Many Questions You Could Answer in First Attempt.
10. Focus and Concentration Is the Only Key to Success

Smart English Worksheet 1

1. Complete the punctuations and correct the words.

Complete each sentence by adding a period, exclamation point, or question mark.

1. Where did you go ? ☐
2. That is a huge tree ☐
3. The bird sat on a nest ☐
4. I think that is a tornado ☐

@edHelper.com

Circle the misspelled word. Write the correct spelling of that word on the blank.

1. I know how to reed.

2. Mae I use a pen?

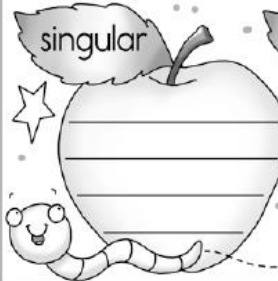

3. I no her.

2. Do the activity as instructed in the picture.

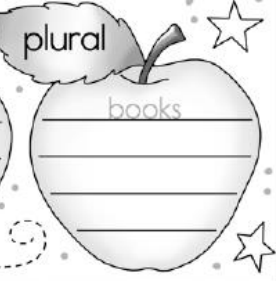

Write the words in the correct columns.

books hand apples kid class balls worm pens

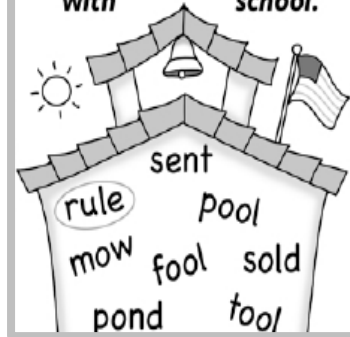

singular

plural

Circle the words that rhyme with school.

rule sent pool
mow fool sold
pond too!

Draw a line through the misspelled words.

1. please
2. under
3. litle
4. every
5. three
6. asck

3. Write the correct sentences.

Correct the sentences.

1. mr johnson teaches math

2. we can going to recess after our worksheet was done

3. remembered to bringing your library book

Smart English Worksheet 3

1. Read the Short comprehension and answer the question asked. Re-read for clarity.

Penguins Are Built for Swimming

What kind of bird can't fly? Penguins are one kind! In water, they are graceful. On land, they look awkward. There are about 17-20 species of these amazing birds. Some explorers thought they were fish. Penguins swim well. They have compact bodies. They have strong muscles.

They can paddle fast. They pop out of the water every few feet to breathe. They have solid bones. These heavy bones help them dive deep into the water. One emperor penguin went down 1,755 feet. Penguins

seem to fly through the water. One movie showed a penguin that loved dancing. The movie was *Happy Feet*. However, the real birds are stars when it comes to swimming.

1. About how many species of penguins are there?

- A. 7
- B. 10
- C. 27
- D. 17

2. What did some explorers think of penguins?

- A. They never saw penguins.
- B. They thought they were fish.
- C. They thought they were seals.
- D. They thought they were mermaids.

3. What do penguins seem to do in the water?

- A. sink
- B. fly
- C. turn upside down
- D. cartwheels

4. What movie featured a penguin that loved to dance?

Did you know these Interesting Facts! - **NUTRIENTS AND BALANCED DIET**

Healthy substances present in the food are called nutrients. The different types of nutrients are

1. CARBOHYDRATES

- It is energy producers
- We need energy to grow, to work and also for our different body organs to work.
- The foods which give energy are called 'Carbohydrates'.
- For e.g.: ragi, maize, jowar, bajra etc.

2. PROTEINS

- It helps in body building and growth.
- Always some cells die and are replaced by new cells in our body.
 - When we get injured new cells are formed to heal the wound.
- Nutrients called 'Proteins' are essential to heal the wound.
- In foods like fish, eggs, meat and milk abundant proteins are available.
- Milk contains calcium which helps in the growth and strengthening of bones.
- For e.g.: grams, peas and pulses.

3. VITAMINS AND MINERALS

- It helps body regulators.
- The food consumed by us should have correct proportions of nutrients according to our age and work.
- A balance diet is a diet that contains adequate amounts of carbohydrates, fats, proteins, vitamins and minerals.
- Fruits and vegetables are rich in vitamins and minerals.
- They are eaten fresh and washed well before use.
- Vitamins and minerals help us to keep fit and healthy.

My Journal – Social Skills – Checklist

Social Skills Checklist

Which skills do you think you need to improve? Place a check mark next to the sentence that is true for you.

- _____ I have a hard time understanding how people are thinking or feeling.
- _____ I don't work well with other people.
