

Achievers

Foundation course for your success

Workbook - 10

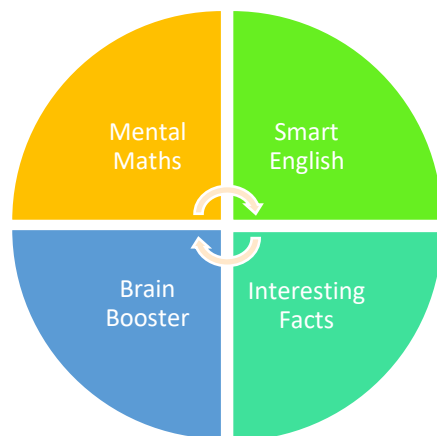

Class 4

Preface

Most students and teachers think that the word "**Worksheet**" is a synonym for the word "**Boring**." We envision hours of sitting still at a desk-silent busy working for them and hours of grading for us. But worksheets still have a place in your classroom? In an age of open inquiry and problem-based learning, your child can still find power in a simple paper and pencil activity by practicing MENTORSBASKET WEEKLY worksheets.

Achievers Model bring to your child an opportunity to develop academically as well as for the competitive World. The Learning Process of every child is dependent on One's Ability to think logically and reason Quickly and effectively. These two factors are hence very crucial to a child's progress in education.

Mentors Basket Achievers weekly workbook covers Mental Math, Smart English, Interesting Facts and Brain Boosters. These Powerful worksheets can help in building number sense, computational thinking, and problem-solving skills in your child at beginning of the foundational years. **Every Month we would be providing 3 Workbook and 1 Challenge Workbook, each of these are designed at different levels and standard wise. We would be providing upgraded workbooks, that makes the child to look forward to challenges. Weekly Workbook would be consisting of the following content:**

It is a unique way to provide differentiated brain-building work for different learners.

Strong Foundation Helps to Build Brighter Future

Design Framework

The Sample Workbook Consist of the topics as under:

- **Mental Maths** -We want our students to be able to understand content and concepts. We also want to stretch them to think and approach problems in new ways. This editable graphic organizer can help them do that! Challenge the students to solve a math problem more than one way. Have them explain how and why they solved it with their given strategy. Over time, we can see how mathematics can be transformed into a subject that is not only fun but also challenges students' creativity and independent thinking.
- **Smart English** -The study of English Language Arts, or speaking, listening, reading, and writing, is critical both to academic success and to life beyond school. Without the skills learned in language arts, students cannot achieve any kind of mastery in any of their coursework. Good communication skills are necessary for every career field, so these on-demand workbooks give your students the mixed review of grammar, spelling, and writing skills that will enable them to practice their language arts skills in a fun and diverting manner, ensuring that the skills they have learned willSupplement their language.
- **Brain Boosters** – The students need to be aware of what is happening Locally, Nationwide as well as Globally and what can be more challenging to the brains then answering some General Knowledge. We have designed worksheets that will give them an edge in competitive exams as they are more aware of the information.
- **Interesting Facts** - Academically we tend to focus more on the book knowledge, so now we want the child to be introduced to some interesting facts that can help them lead a discussion or lead in debates , competition and be a PRO kid. These interesting facts will increase their limited area of knowledge and make them more competitive and smarter.

GUIDELINES

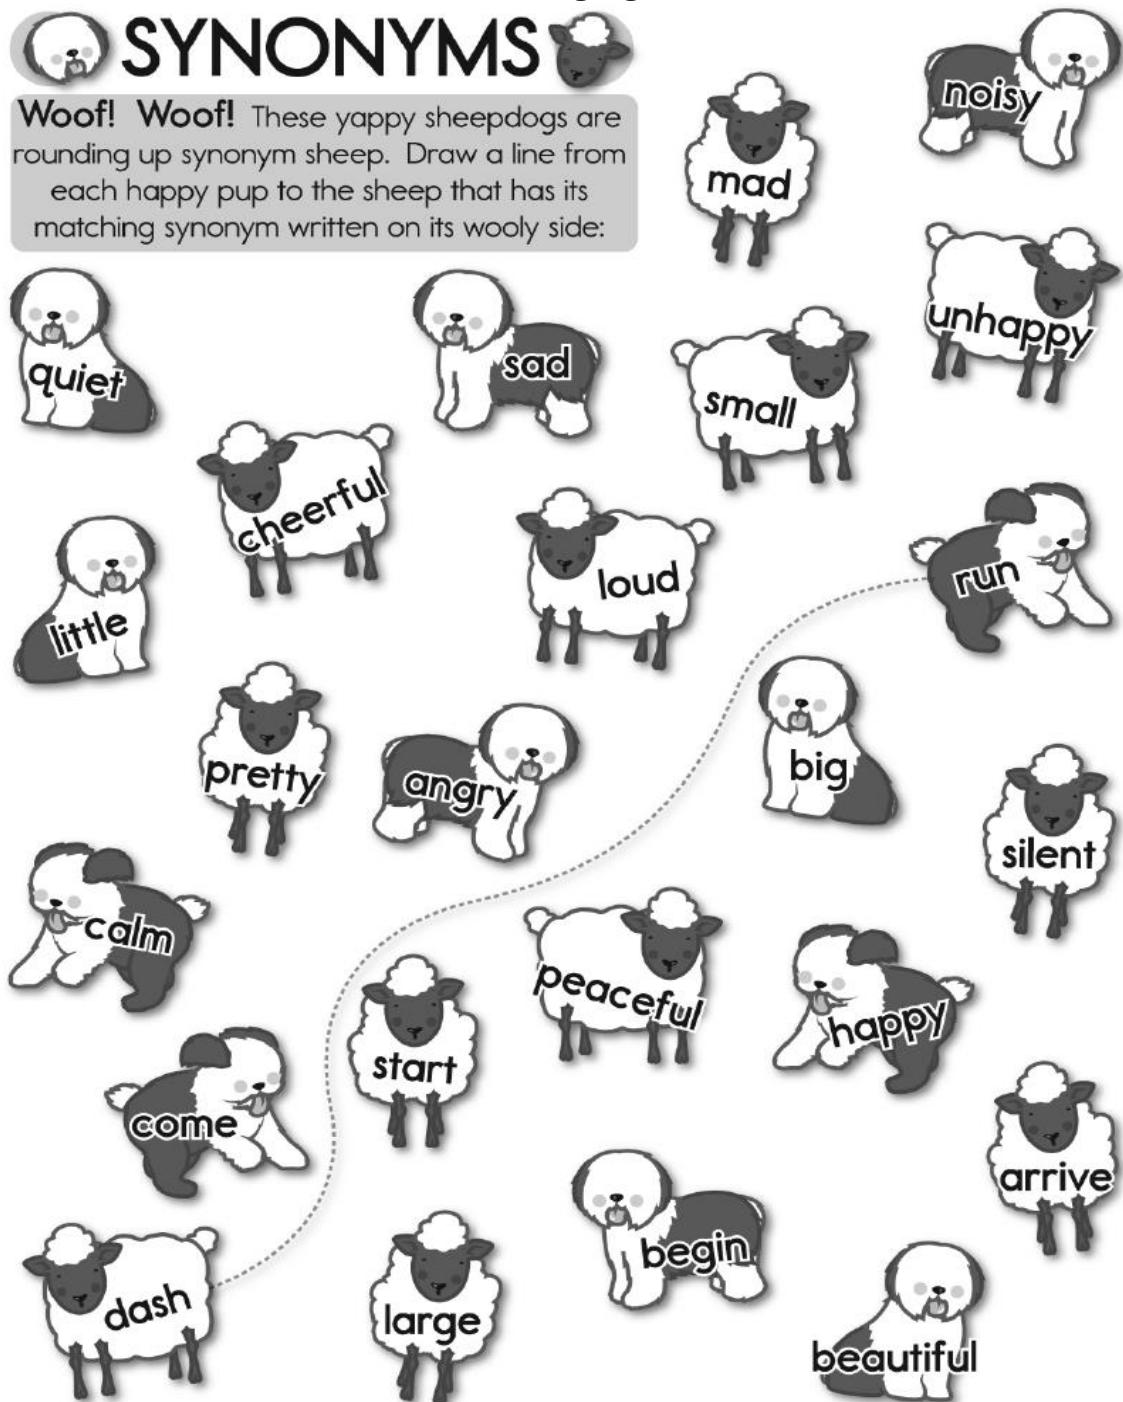

1. Look at Problems with Different Perspectives Through Observation, Exploration and Critical Thinking.
2. Integrate the Application of Math to Problem Solving.
3. Integrate the Reading Skill in English To Solve Vocabulary or Spelling Questions.
4. Think Critically and Reason Logically
5. Practise, Investigate, Evaluate and Learn with Understanding
6. Develop Positive Attitude Towards Finding Solution
7. If Your No Able to Solve or Find Solution Seek for Help.
8. Take A Break and Revisit the Question with Fresh Thought
9. Ask Yourself How Many Questions You Could Answer in First Attempt.
10. Focus and Concentration Is the Only Key to Success

Smart English Worksheet 1

1. What are synonyms? A synonym is a word that means exactly or nearly the same as another word in the same language.

Woof! Woof! These yappy sheepdogs are rounding up synonym sheep. Draw a line from each happy pup to the sheep that has its matching synonym written on its woolly side:

1. **Oops! This story contains lots of errors. Find them and fix the errors in this story before answering the questions.**

The Tale of the Pied Piper

Have you heard the tale of the pied piper? They say that more than 600 years ago, on July 22, a man came to Hamelin, Germany. The town had a rat problem. They needed help. The mayor vowed to pay any price! The man known only as the pied piper got rid of the rats. Once the rats were gone, the mayor did not keep his promise. Then, the pied piper was angry, and he . . .

Let's stop the story and answer a few questions.

What does "pied" mean?

It is not a person who has been hit with pies.

It is not eating too much pie.

It means there are two or more colors.

In this case, it means the piper was dressed in a coat of two colors. A poet once wrote that the piper's coat was half yellow and half red.

What is a piper?

A piper is one who plays a tune on a pipe or a flute. When the pied piper played a tune, odd things happened.

What is the problem with rats?

Oh, children, rats are nasty beasts! They carry germs that make people sick. They eat our food. They gnaw on everything! Their teeth are very sharp. More than 150 years ago, Robert Browning wrote a poem about the rats of Hamelin. He called the poem, "The Pied Piper of Hamelin." His poem tells us how bad the rats were.

Rats!

They fought the dogs and killed the cats,
And bit the babies in the cradles,
And ate the cheeses out of the vats,
And licked the soup from the cooks' own ladles,
Split open the kegs of salted sprats,
Made nests inside men's Sunday hats,
And even spoiled the women's chats
By drowning their speaking
With shrieking and squeaking
In fifty different sharps and flats.

Now we'll return to the story. The pied piper played a tune that called the rats to him. The rats followed him to the river's edge. Then, they fell in and drowned! The people were glad to see the last of the rats!

The mayor had promised to pay a lot of money to the person who got rid of the rats. After the rats were gone, he decided that he didn't want to give away that much money. He knew dead rats could not come back. He told the piper to be happy with a much smaller sum. He broke his promise. You might say that he was a dirty rat!

The piper became angry. He told the mayor to keep his promise, or else. The mayor did not like the threat. "Do your worst!" he said. "Pipe till you burst!"

The piper lifted his pipe and blew a new tune. Then the people heard small feet pattering and little tongues chattering, and out came the children running! They skipped and ran. They followed the piper and danced to his music. The mayor could not stop them. Their parents could not call them back. They left town with the piper. He led them into a hole in the mountain. Once they were all inside, it snapped shut. They were never seen again-not the piper, not the children. The mayor learned a very hard lesson that day.

That is the story of the pied piper. Always pay the piper what you owe and nothing less. Ask your teacher to read Robert Browning's complete poem to you!

The Tale of the Pied Piper

Questions

- _____ 1. The word *pied* refers to _____.
- A. colors
 - B. pies
 - C. music
 - D. coats
- _____ 2. The mayor of Hamelin was not _____.
- A. a rat-hater
 - B. honest
 - C. fat
 - D. greedy
- _____ 3. What did the pied piper come to do?
- A. run away with the children
 - B. upset the mayor
 - C. get rid of the rats
 - D. get a job

- _____ 4. Where is the story set?
- A. in a German town
 - B. in a country far away
 - C. in the mayor's house
 - D. in a rat's nest
- _____ 5. Why did the rats follow the piper?
- A. His music called them to come.
 - B. He had them on leashes.
 - C. He had cheese in his pockets.
 - D. He looked like a big rat.
- _____ 6. Who wrote a poem about the pied piper?
- A. Nobody knows.
 - B. Robert Browning
 - C. the Mayor of Hamelin
 - D. Mr. Hamelin Germany
7. Why did the children follow the pied piper?

8. What lesson did the mayor learn?

Smart English Worksheet 4

1. Do you know that you don't always have to use the word *shook* in your writing? Try to use different words for an overused word like *shook*. It will make your work more fun for others to read.

Circle words to the RIGHT or DOWN. Every letter is used exactly ONCE.

T V S H U D D E R E D T
O I R Q U I V E R E D R
T S J B A Q U A K E D E
T W O R T J A R R E D M
E A L A T T R E M O R E D B
R Y T T L S H I V E R E D L
E E E E E R U F F L E D E
D D D D D J E R K E D D

Write the words found:

TREMbled

JERKED

Write something without using the word **shook** at least two times. Add one or two of your own sentences using some of the words you found in the word search.

Now rewrite your boring writing without using the word **shook**.

My two favourite words to use instead of **shook** are:

_____ and _____

1. Solve the following worksheet:

How many hours are there from 5 a.m. to 4 p.m.?

Circle the number that is smallest.

80,008 80,800

88,000 80,080

If you know
 $84 + 26 = 110$
Then what is $84 + 23$?

18, 36, 54, 72, 90,
_____, 126, 144

In seven hours it will be midnight. What time is it now?

Write this number:
4 hundreds, 8 tens, 3 thousands

7, _____, 21, 28, 35, 42

C, E, G, _____, K, M,
O, Q, S, U, W

Write an even number.

Fill in the missing addition or subtraction operations.

$7 \text{ } _ \text{ } 1 \text{ } _ \text{ } 1 \text{ } _ \text{ } 1 = 8$

$8 \text{ } _ \text{ } 1 \text{ } _ \text{ } 2 \text{ } _ \text{ } 2 = 9$

How many odd numbers are there between 28 and 47?

Circle the three numbers whose sum equals 23.

8 12 7

4 8 7

It is 7:41 when Ava leaves her house. She arrives at school at 8:08. How much time has passed?

Round 42 to the nearest 10.

Did you know this Interesting Fact! CLOTHING

Like food and shelter, clothes are also a basic need. We need clothes to protect ourselves and our body from heat, cold, dust, insects, etc.

CLOTHES ACCORDING TO ACTIVITIES AND OCCASIONS

- We wear many clothes throughout the day.
- Our clothing style depends upon the work or activity we do or on the occasions.
- A child wears a uniform when he goes to school and wears loose casual clothes at home.
- He will wear different clothes when he goes playing.
- And bedtime demands a different outfit which should be clean and comfortable.
- We wear fancy clothes at parties and weddings.
- Hence, different occasion and different activities require different items of clothing.

CLOTHES ACCORDING TO WEATHER AND SEASONS

- Different seasons and weather require different items of clothing.
- So, we need to choose our clothes carefully according to the weather or season.
- We should wear light cotton clothes in summers to stay cool and comfortable in the hot season.
- To keep ourselves warm in winters and protect ourselves from cold, we should wear woolen clothes.
- To protect ourselves from the rain, we should wear waterproof clothes like a raincoat.
- It helps us stay dry when we go out in rain.

My Journal – Controlling Anger

Social Skill Worksheet

Skill: Controlling Anger

Below are some possible choices for behaviors when feeling angry. Choose if the behavior is okay or not okay.

O = okay

X = not okay

___ Yell and scream

___ Calm down

___ Destroy property

___ Ask someone for help

___ Call names

___ Apologize

___ Say you are angry

___ Write about your feelings

___ Hurt others

___ Walk away

___ Count to ten

___ Hit someone

___ Talk about why you are angry

___ Throw things

___ Take some deep breaths

___ Take some time by myself
